## About

GSO offers **full fellowships** for **25 outstanding researchers** of all disciplines who are ready for the next career step – as a junior group leader, professor, founder of a start-up or as a professional in a research-related organization or in industry.

- Do you want to strengthen your leadership skills and expand your network?
- Do you want to know how you can build up your research group and which management style suits you best?
- Do you **speak German** and are you interested in working in Germany – or already live in Germany (max. 18 months)?

**Then join the GSO Leadership Academy!**

Our intensive training blends self-assessment, interactive group workshops, case studies and lectures with individual mentoring and coaching.

You will gain a better understanding of your **personal approach to leadership**, experience what it means to be a **leader in a research-related environment**, and learn how to push your **personal development** further. During the group work, you will inspire one another and build meaningful professional connections — both within the group and with key players in the field.

**Application Deadline: Sunday 1 March 2026, 11:59 p.m. (CET)**

*As of October 2025*
